Rebate totals may be dependent on your pre-existing home system. Some rebates require pre-verification or weatherization prior to installation. Rebates are also available for some natural gas, oil, and propane systems. Natural gas rebates are available through National Grid. Additional terms and conditions may apply. Visit [capelightcompact.org/resrebates](http://capelightcompact.org/resrebates) for full details and to confirm offer eligibility.

\*Eligible for homes and multi-family buildings of up to 4 units.
